EXAMINER'S AMENDMENT

This application is in condition for allowance except for the presence of claims 5-19 directed to inventions non-elected without traverse. Accordingly, claims 5-19 have been cancelled.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims

Claims 5-19 have been canceled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed over the prior art of record. None of the prior art discloses or suggests a curing method having the combination of the steps "providing an article including opposing first and second substrates and a light curable sealant for attaching the first substrate to the second substrate, wherein the first substrate is provided with a light-shielding matrix formed thereon and faces a predetermined direction, and the second substrate is provided with a metallization pattern formed thereon", "irradiating the article with light entering the article from the first substrate to reach the light curable sealant", *"turning over the article to make the substrate face the predetermined direction"*, and "irradiating the article with light entering the article from the second substrate to reach the light curable sealant, whereby *the light curable sealant is cured by the light entering the article from the first and second substrates*". The remaining claims are also allowed since they depend on the allowed claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.
